

Do You Believe Daniel's Prophecies?

A lot of people know several facts about the Old Testament book Daniel. They know about his rejection of the king's food and the superiority of following God's law in chapter 1. They know that his friends rejected worshipping the great image and their survival of the trial of fire in the furnace in chapter 3. They know about his delivering the prophecy to King Nebuchadnezzar of his wandering about like an animal in chapter 4. They know about the survival of Daniel in the lion's den because of his refusal to give up prayer to God in chapter 6.

Very, few, however, know of the prophecies contained in the last half of his book. There are fantastically detailed prophecies about the time between the testaments, the Messiah, and the kingdom of God. These prophecies are very significant because a lot of people believe that they foretell events in our future -- events that the Bible does not support or teach. Daniel's view of what was to come in his time did not include the antichrist or a 1,000 year reign of Christ on the earth. These interpretations pervert the beautiful message of Daniel.

On October 14-16, the Loop 287 Church of Christ will host a special series of lectures on three topics: Daniel and his prophecies of the future, Daniel and his viewpoints of the Messiah, and Daniel and his of the coming kingdom of God. We will examine each of these three topics in this space over the coming weeks. We want to invite you to be our guest on Friday, Saturday, and Sunday evenings on October 14-16 at 7:30 p.m. to investigate each of these fascinating topics in depth.
