

What I Could Do If I Wanted To

I could help make this church the hardest-working church in all the world.

I could visit members who are sick and find other ways of helping them.

I could attend Bible classes regularly and encourage others to do the same.

I could show more devotion and receive more good from the services.

I could profit more from sermons by not resenting the truth as it reveals my sins.

I could tell others about Christ and His church, and help convert them.

Of course, this all depends on what I want to do. I could be an honored servant of the greatest King. I have the ability -- if I really want to.
