

What Is A "Change Agent"?

A recent conversation got me to thinking about "change agents" in the church. A "change agent" is someone (usually a gospel preacher) who wants to turn away from "*the form of sound words*" established in the scriptures (2 Timothy 1:13). Hymenaeus, Alexander, and Philetus are examples of "change agents" and good, faithful brethren need to be warned so that their hearts will not be turned away from the gospel (1 Timothy 1:20; 2 Timothy 2:17-18). We need to hold up the hands of faithful men who are willing to take on this hard task!
